BOOK SYNOPSIS

The information in this book is presented in a nonjudgmental manner and emphasizes empowering the pregnant teen to seek support and utilize the information provided in order to feel comfortable choosing the option that is best for her. The authors emphasize taking responsibility for one's actions and building a positive future. This book effectively presents the facts about pregnancy and available choices, including abortion. Particularly useful are the several case studies of girls who became accidentally pregnant and the choices they made. -Abortion Review
The book not only offers excellent guidance for teenagers already experiencing the dilemma of pregnancy but also points out the risks to youngsters who are considering becoming sexually active. -Washington Counselor
A clear picture of the options open to pregnant teens and their partners and the demands and realities of each. The book also provides information to teenage girls and boys who are considering becoming sexually active. As the statistics have shown, many young people do not take the risks into account. -Adolescence
This book is a valuable resource for young women, their partners, and their families. -SIECUS Report
The authors provide plenty of good information and deliver it in a sensitive but non-sensational manner. . . . This is a well-written book with excellent material. -Teen Line
