BOOK SYNOPSIS

Iron Druid Atticus OSullivan, hero of Kevin Hearnes epic New York Times bestselling urban fantasy series, has a point to make - and then drive into a vampires heart. When a druid has lived for two thousand years like Atticus, hes bound to run afoul of a few vampires. Make that legions of them. Even his former friend and legal counsel turned out to be a bloodsucking backstabber. Now the toothy troublemakers - led by power-mad Theophilus - have become a huge problem requiring a solution. Its time to make a stand. As always, Atticus wouldnt mind a little backup. But his allies have problems of their own. Ill-tempered archdruid Owen Kennedy is having a wee bit of troll trouble: turns out when you stiff a troll, its not water under the bridge. Meanwhile, Granuaile is desperate to free herself of the Norse god Lokis mark and elude his powers of divination - a quest that will bring her face to face with several Slavic nightmares. As Atticus globetrots to stop his nemesis Theophilus, the journey leads to Rome. What better place to end an immortal than the Eternal City? But poetic justice wont come without a price: In order to defeat Theophilus, Atticus may have to lose an old friend.
