BOOK SYNOPSIS

A clever distillation of Americas favorite libation, by the New York Times best-selling authors of The Essential Scratch & Sniff Guide to Becoming a Wine Expert Whiskey fever is sweeping the nation. Every day, craft distilleries are popping up in remote counties and urban centers, offering a wealth of great choices to consumers--and just as many puzzlements. Does the introduction of a simple "e" to go from whisky to whiskey mean anything? Whats the difference between Scotch and Rye? Whats Canadian whisky anyway? And what about the whiskeys of Scotland, Japan, and Ireland? Wheres a humble Joe to start? In this witty kid-style book on an adult topic, Richard Betts boils down his know-how into twenty pages, cooling our "brown-sweat" anxieties and dividing whiskey into three simple categories: Grain, Wood, and Place. While most whiskey tomes are about as fun as a chemistry lesson, Betts makes the learning slide down easy, reassuring us that this exalted spirit is just distilled beer and, through a nasal romp, helping us figure out which kinds we love best. Humorous illustrations and scratch-and-sniff scents (vanilla, sandalwood, grass, and more) help would-be connoisseurs learn their personal preferences. Language label and Map to Your Desires included.

THE ESSENTIAL SCRATCH & SNIFF GUIDE TO BECOMING A WHISKEY KNOW-IT-ALL KNOW YOUR BOOZE BEFORE YOU CHOOSE

- Are you looking for Ebook The Essential Scratch & Sniff Guide To Becoming A Whiskey Know-It-All Know Your Booze Before You Choose? You will be glad to know that right now The Essential Scratch & Sniff Guide To Becoming A Whiskey Know-It-All Know Your Booze Before You Choose is available on our online library. With our online resources, you can find Applied Numerical Methods With Matlab Solution Manual 3rd Edition or just about any type of ebooks, for any type of product.
